---

DEAR ICRS MEMBER,

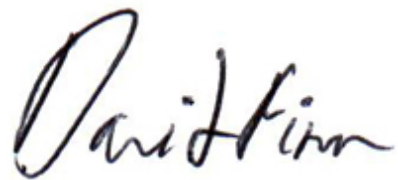

---

It is with great sadness that we write to inform you of the passing of Dr. Daniela Parolaro earlier today. The ICRS extends its deepest sympathy and condolences to Daniela's family, and to all her colleagues, collaborators and friends, both within the Society and beyond.

Daniela was a wonderful scientist, a mentor to so many people, and an outstanding contributor to the ICRS over many years. In 2019, we presented to her one of our highest honors – [the ICRS Mechoulam Award](#) – in recognition of her outstanding lifetime of contributions to cannabinoid research.

Daniela had a great many friends within the Society, and was held in the highest esteem. She will be missed very much. Her legacy of high quality science, mentorship, kindness and friendship will endure long into the future.

Sincerely,

Dr. David Finn  
ICRS President

Dr. Mel Kelly  
ICRS Executive Director

Dr. Jason Schechter  
ICRS Managing Director
